Reviews

It is one of the best ebooks. It really is filled with knowledge and wisdom I realized this publication from my dad and I advised this publication to understand.

(Raina Lockman)

A REGIONAL MANAGEMENT-STUDY TEMPLATE FOR LEARNING ABOUT POSTWILDFIRE MANAGEMENT

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The concept of management studies-implemented by managers as normal business to meet priority learning needs-is applied to a priority regional question: how to manage after a large wildfire to better meet preexisting or new societal needs. Because of a lack of knowledge and studies, deciding how to manage after wildfire is fraught with uncertainty. We have developed the concept of a network of management studies with a rigorous experimental design to fill this need. Details on how to implement this generic landscape-scale management study on future wildfire areas are provided. We emphasize documenting expectations, conceptual modeling, scaling for major questions, analyzing for similarity, and monitoring cost-effectively.
