Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

AMERICAN LETTERS FROM KHRUSHCHEV S RUSSIA: SURPRISING IMPRESSIONS OF LIFE BEHIND THE IRON CURTAIN 1961-62

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.During the Cold War our understanding of life in the Soviet Union was layered with so much ideology and competition that it was difficult to get a feel for the realities of daily existence there. The early 1960s were seen in the West as the height of the Cold War . In the Soviet Union, however, they were perceived as the Khrushchev Thaw , a warming trend in Russia s political atmosphere. Few Americans had access of sufficient duration to paint a nuanced portrait of life there. A major exception was the group of American graduate students who lived in the Soviet Union for substantial periods of time under auspices of the US-USSR Inter-University Exchange. This book describes the experiences of a twenty-five-year-old Stanford medical student who participated in that exchange during 1961-62. In American Letters from Khrushchev s Russia he documents impressions gathered during a year of research at Moscow State University. From that unprecedented vantage point he shares candid insights on a vast range of topics. He describes a visit to the Berlin Wall the week it went up and the rousing Moscow State University reception of Yuri Gagarin, the cosmonaut who just months earlier had performed the historic first flight of man in space. And he describes shaking hands with Nikita Khrushchev during a Fourth of July celebration at the US Ambassador s residence in Moscow.an event that proved to be the setting for the first contact between a US Embassy attache and the Soviet military intelligence officer who tipped off the West to Khrushchev s plan to install missiles in Cuba. The author describes typical attitudes of Russian scientists, academics, and university students toward...
