## ORAL ABSCESSSES (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Oral Abscesses The important discovery that septic lesions in the mouth may be foci or primary causes of many acute or chronic diseases of systemic nature has brought about great changes in the relationship between dentistry and medicine. The teeth, which formerly were regarded as organs totally apart from the rest of the body, are now considered as one of the most important gateways through which disease may enter. The dentist who originally held it his duty mechanically to repair diseased or lost dental tissue is now confronted with a problem the vitality of which, if he has a sincere interest in the health of his patients and in the development of his profession, demands a new study of the septic conditions of the mouth. This book is intended for the practicing dentist as well as for the student. It aims to give a clear understanding of the pathology, treatment, and prevention of oral lesions, and to familiarize the student with the recognition and nature of certain infectious diseases which may be caused by them. The practicing physician will also find this book of interest. In the search for the primary or secondary foci of systemic diseases he often has occasion to look into the condition of the oral cavity, as it stands out as an important entrance for disease, although it has been until recently neglected as such. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
