Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Does your child seem a little bit out of control and aggressive? Quit the obvious excuse, he is just growing up. Most parents let their children out of control without noticing it. It could be the pressure of handling career/work and the family. However, at all cost, the child should not be neglected. You need not have a child to know that toddlers do pick things fast. Yes, be it by listening or just watching. Therefore, parents are meant to be mindful when they are in the company of their children if they desire to bring up someone of great manners and responsibility. For instance, how difficult can it be to potty train a child? Well, according to many parents, it can be a feat that is pretty difficult to achieve. In the long run, the aim is to get the toddler out of diapers and into their big kid underwear, giving them more independence and causing the parents to cut back on what they spend. But, let s face the fact; the process of raising children is not an easy task even to the most experienced parents. This is due to the fact that people are different, yes even children. Hence raising one child one way then getting another one comes with a whole new perception, and challenges. The truth is that, children do not think the same way adults do; In fact, for them, using their common sense does not come instinctively. it is not common! Besides, the behaviors of children have also been changing due to the daily evolution of the world. So, it is, therefore, important for parents to...
