

From the Retina to the Neocortex: Selected Papers of David Marr

Filesize: 8.14 MB

Reviews

The most effective pdf i ever read through. I am quite late in start reading this one, but better then never. Its been developed in an exceedingly simple way in fact it is only soon after i finished reading through this pdf by which in fact altered me, modify the way i think.

FROM THE RETINA TO THE NEOCORTEX: SELECTED PAPERS OF DAVID MARR

DOWNLOAD

BIRKHAUSER BOSTON INC, United States, 2012. Paperback. Book Condition: New. 254 x 178 mm. Language: English Brand New Book ***** Print on Demand *****.David Courtnay Marr was born on January 19, 1945 in Essex, England. He went to the English public school, Rugby, on scholarship and between 1963 and 1966 studied mathematics at Trinity College, Cambridge University where he obtained his B.S. and M.S. degrees. Rather than pursue a Ph.D. in mathematics he preferred to switch to neurophysiology under Giles Brindley. His education involved training in neuroanatomy, neurophysiology, biochemistry, and molecular biology. Marr's Ph.D. work resulted in a theory of the cerebellar cortex, the essence of which became A Theory of the Cerebellar Cortex, reproduced in Chapter 1 of this volume with a commentary by Thomas Thach. He wrote a short paper subsequently with Stephen Blomfield, How the Cerebellum May Be Used, (Chapter 2 in this volume with commentary by Jack Cowan). After obtaining his Ph.D., David Marr accepted an appointment to the scientific staff of the MRC Laboratory of Molecular Biology in Cambridge in the division of Cell Biology under Sydney Brenner and Francis Crick. Two other major studies, Simple Memory: A Theory of the Archicortex (Chapter 3 in this volume, commented on by Bruce McNaughton and David Willshaw) and A Theory for Cerebral Neocortex (Chapter 4 in this volume and commented on by Jack Cowan) followed the cerebellum study. Softcover reprint of the original 1st ed. 1991.
