

Values Clarification in Counseling and Psychotherapy: Practical Strategies for Individual and Group Settings

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.
(Prof. Loyce Runolfsson Jr.)

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Values Clarification in Counseling and Psychotherapy: Practical Strategies for Individual and Group Settings, Howard Kirschenbaum, This work meets a long-standing need in the helping professions by being the first and only comprehensive book devoted to these priority-defining and goal-setting values clarification strategies for counseling and psychotherapy by providing a clear description of what values clarification is and is not. The book demonstrates, with great precision and hundreds of clinical examples, how counselors and psychotherapists in many fields can ask good clarifying questions, and employ dozens of strategies with individuals, couples, families, and groups. Values clarification is perhaps best known for the many values clarification strategies that can be used with individuals and groups to explore a myriad of counseling topics. Values clarification is compared and contrasted to other approaches to counseling and psychotherapy, including person-centered, cognitive-behavioral, reality therapy-choice theory, existential, individual psychology, solution-focused, narrative, motivational interviewing, acceptance and commitment therapy, appreciative inquiry, life coaching, and positive psychology. Helping clients determine their priorities, set goals, make decisions, and take action to improve their lives are common tasks for virtually all helping professionals when engaging with clients. This is the process known as "values clarification" (or "Values Clarification"). While counselors and psychotherapists widely practice values clarification-some knowingly, others unaware-they typically do so with a limited understanding of its theory, methods and various applications. The book illustrates extensively how strategies can be carried out in individual counseling and psychotherapy, group counseling and psychotherapy, and psychoeducational work, whatever the subject or topic. The examples throughout the text are often grouped around more specific applications for marriage and family counseling, career counseling, substance abuse and recovery counseling, geriatric counseling, grief counseling, pastoral counseling, financial counseling, school counseling, rehabilitation counseling, counselor/clinical education and supervision, health counseling...
