Periplus Editions. Hardback. Book Condition: new. BRAND NEW, The Genesis Genealogies: God's Administration in the History of Redemption, Abraham Park, As anyone who has researched his or her family tree knows, a basic factor in understanding one's ancestors is knowing when they were born, how long they lived, and when they died. Here in "The Genesis Genealogies", lies that crucial core information about the forebears of Christianity. Relying on the view that the bible is the inerrant word of god, Rev. Park has meticulously analysed the information in the "Book of Genesis". Taking the precise date references it contains, and using them to perform calculations forward and backward in time, Park builds a complete chronological timeline from Adam to the Exodus. He then shows how each biblical patriarch - from Adam through to the next 20 generations - is related to the previous generations and to the following ones. This understanding of the patriarchs' interrelationships and interactions gradually reveals God's ongoing work of redemption, leading all the way to the eventual coming of the Messiah. Complete with a detailed index and with commentaries by a range of biblical scholars, "The Genesis Genealogies" opens our eyes to what the book of "Genesis" has been telling us for millennia. As Rev. Park explains, it is 'the blueprint of the history of salvation'.
