

The Day We Lost the H-Bomb: Cold War, Hot Nukes, and the Worst Nuclear Weapons Disaster in History

Filesize: 4.12 MB

Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Presidio Press, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: In *The Day We Lost the H-Bomb*, science writer Barbara Moran marshals a wealth of new information and recently declassified material to give the definitive account of the Cold War's biggest nuclear weapons disaster. On January 17, 1966, a U.S. Air Force B-52 bomber exploded over the sleepy Spanish farming village of Palomares during a routine airborne refueling. The explosion killed seven airmen and scattered the bomber's payload of four unarmed thermonuclear bombs across miles of coastline. Three of the rogue H-bombs were recovered quickly. Tracking down the fourth required the largest search-and-salvage operation in U.S. military history. Moran traces the roots of the Palomares incident, giving a brief yet in-depth history of the Strategic Air Command and its eccentric, larger-than-life commander, General Curtis LeMay, whose massive deterrence strategy kept armed U.S. bombers aloft at all times. Back on the ground, Moran recounts the myriad social and environmental effects of an accident that spread radioactive debris over hundreds of acres of Spanish farmland, alarmed America's strategic allies, and damaged Spanish-American diplomatic relations. As the American military floundered in its attempt to keep the story secret, the events in Spain sometimes took on farcical overtones. Constant global media hype was fueled by the hit James Bond movie *Thunderball*, with its plot about an atomic weapon lost at sea. In addition, there were the unwanted attentions of a rusty-hulled Soviet surveillance ship and even awkward public relations stunts, complete with American diplomats in swim trunks. *The Day We Lost the H-Bomb* is a singular work of military history that effortlessly and dramatically captures Cold War hysteria, high-stakes negotiations, and the race to clean up a disaster of unprecedented scope. At once epic and intimate, this book...
